RE: Community Charity House Project

Dear Gerry,

The Rotary Club of Ascot sincerely wishes to thank Supercrane 2000 for their kind and generous support of our major project, the Community Charity House. The project proved to be an outstanding success with the house being sold under the hammer at auction on the 17th April, 2004. It was extremely pleasing to see contributions from all parts of the community getting involved with the process, and major companies like Supercrane, being able to donate significant goods.

The Rotary Club of Ascot has proudly been involved in supporting the local community for over 30 years. The proceeds of the sale will go back into the community through various projects – with the major project being the Arthur Bray Foundation. This Foundation is set up to direct funds towards furthering education opportunities for disadvantaged young people.

The Rotary Club would sincerely like to thank Supercrane 2000 for your generous donation of top quality paint, which was well utilized and contributed to being a major selling point of the auction.

Your support was a major contributing factor to the success of this project, thank you once again.

Yours sincerely

A handwritten signature in blue ink that reads "J. Stephenson".
